

## MADERO WOUNDED IN BATTLE

No Confirmation of Report However, Has Been Received

## REBELS ARE FLEEING

Government Soldiers Are Chasing Them into the Mountains in Vicinity of Guerrero.

El Paso, Texas, Nov. 25.—No confirmation has been received of the report that Francisco Madero has been wounded in a battle in Mexico yesterday. The report is very insistent and is accepted by many as true. Advices from Eagle Pass say efforts made there to confirm the report have failed.

Eagle Pass, Texas, Nov. 25.—The Mexican commander in Ciudad, Porfirio Diaz, has informed Customs Collector R. W. Dowe that Francisco I. Madero, claimant of the presidency of Mexico, was badly wounded in a fight yesterday at Guerrero, between his forces and 200 rurales and cavalry commanded by Colonel Fuentes and Lieutenant Nicanor Valdez. According to the report to Mr. Dowe, Madero led his force when federal troops engaged them. The engagement was fierce for a time. Madero was seen to fall from his horse, and was carried to the rear and his force fell back. The federal troops are reported to have followed up their advantage, scattering the rebels, who took to the hills.

Mexico City, Nov. 25.—General Manuel Gonzalez Coscio, minister of war, in an interview granted last evening, said: "The government is absolute master of the situation at every point in Mexico. The so-called revolutionists have now resolved themselves into mere bandits or outlaws, and are fleeing from the troops everywhere. The government expected that it might have to fight in Guerrero, but the disturbers there fled to the mountains before the troops arrived. They are now being chased by the soldiers."

The reported seizure of a railroad by outlaws is a ridiculous lie. The news to this department is that all is quiet everywhere in the republic. I expect no more outbreaks anywhere, but should any occur they will be promptly suppressed with the utmost dispatch and severity. American flags were flying in this city yesterday on account of Thanksgiving Day of the Americans. Mixed teams of Americans and Mexicans played baseball, polo, bowling and football. The Mexican officials seem to be trying to make the Americans forget the recent anti-American foolishness on the part of the students here. The pelados prison is filled with disturbers, who doubtless will be punished with the utmost severity without unnecessary delay.

Rumors are current among bankers and business men in close touch with the Mexican government that there will be changes in President Diaz's cabinet as soon as everything is quiet and normal again. Vice President Corral is a very sick man. It is reported that his disease—cancer of the stomach—may demand that he take a trip to Europe for treatment by specialists, in which event he will resign. The rumor adds that Gassanus, former ambassador to the United States, and General Ber-

nardo Reyes will have places in the readjusted cabinet. The business men say that these changes will be made to placate an undoubtedly large party in the country not satisfied with the present personnel of the cabinet, and would prevent further demonstrations in case of the death of President Diaz or for any other excuse. It would be best for the business interests, the business men say, to give the restless portion of the community evidence that the other party has representation in the management of the country's affairs. Nothing will be done, however, until the present manifestations are absolutely crushed out of recollection.

### MADERO'S MANIFESTO.

New York, Nov. 25.—A manifesto to the nation, credited to and signed by Francisco I. Madero, calling on the people of Mexico to rise against the government of General Diaz, was made public here last night by friends and partisans of Madero, who said it had been received here yesterday. The manifesto is in Spanish and is dated at San Luis Potosi, Mexico, October 5, 1910. A foot note to the manifesto says this is for private circulation up to November 15, and that thereafter it is to be circulated broadcast.

"Your beloved fatherland has reached such a stage," it continues, "a despotism such as we Mexicans have not been accustomed to bear since we secured our independence appresses us to such a degree that it has become intolerable."

"In virtue of all this and as an echo of the national will, I declare herewith the past elections to be illegal and the republic without lawful government, and I assume provisionally the presidency of the republic until the people will designate its rulers in conformity with the law. To attain this end, it is necessary to move from power the audacious usurpers that have sole title of legality, display scandalous and immoral frauds."

The manifesto designates Sunday, Nov. 2, from 6 o'clock on, as the date and time for rising, according to the following plan:

- "1. The elections held in June and July of the current year are hereby declared null and void."
- "2. The actual government of General Diaz is denied recognition."
- "3. In order to avoid as far as possible the trouble resulting from all revolutionary commotions, the laws promulgated by the actual government."

## PRES. TAFT FACES FIGHT

Washington, Nov. 25.—A fight between President Taft and Congress on Taft's views on the pork barrel, rivers and harbors bill system is probable soon. Many congressmen whose political lives depend on getting appropriations will demand that congress pass all the piece meal items and if necessary pass the bill over Taft's probable veto.

Springfield, Nov. 25.—Suffering from a full load of shot in the right thigh, Manford Teach, aged 25, of this city is in the hospital here as a result of a Thanksgiving accident. He was shot by his hunting companion, Floyd Mills, aged 15, at Villa, near here. The latter was attempting to climb a wire fence when his shotgun was accidentally fired. The entire load took effect in Teach's right thigh, badly wounding him.

## SHIPS ARE SEIZED BY MUTINEERS

Government Sent Ultimatum by Brazilian Sailors

## FIRE UPON RIO JANEIRO

Number of Officials Killed Aboard Ship and Several Children Meet Death in Bombardment.

London, Nov. 25.—The Exchange Telegraph prints a cable from Rio de Janeiro saying the Brazilian mutineers have surrendered unconditionally.

Rio de Janeiro, Brazil, Nov. 25.—The Chamber of Deputies will today probably follow the senate in granting pardon to the naval mutineers. It is believed, however, that this course will be the beginning of the end of the Brazilian navy, the most ambitious in South America.

Fresh outbreaks may occur at any time if the sailors feel that they hold the balance of power.

Rio de Janeiro, Nov. 25.—After the Brazilian congress voted to pardon them and grant all their demands the naval mutineers surrendered today. Congress took action as an alternative to having the city shelled by the warships.

Rio Janeiro, Nov. 25.—The mutiny in the Brazilian navy, which broke out the night of Nov. 22, on board the battleship Minas Geraes and subsequently extended to other vessels of the fleet, is in a critical stage today. The mutineers yesterday sent to the government a strongly worded ultimatum demanding an increase in pay, the abolishment of corporal punishment and several other unpopular regulations.

The senate, which had been called in extraordinary session to consider the situation, voted unanimously in favor of amnesty to the rebels, but the chamber, after discussing the matter most of the day, adjourned without taking final action.

Last night the battleship Sao Paulo and the cruiser Behia withdrew from the harbor, but the battleship Minas Geraes took up a position opposite the government palace.

During the course of the day an effort was made through Deputy Carvalho to induce the mutineers to surrender, but they refused to do so until the government grants their demands.

It is officially declared that the mutiny is entirely without political character and is looked upon merely as an effort of the sailors to enforce certain demands for concessions from their officers.

About 10 o'clock on the night of Nov. 22, as Captain Neves, commanding the Minas Geraes, came back from dinner on board the French training ship Duguay Trouin, he heard a violent uproar and a fusillade of shots. It was the crew of his vessel, who had revolted. Captain Neves and two other officers offered resistance to some of the sailors and were killed and one officer was mortally wounded. Several officers also were slain. The mutinous crew meanwhile shouted "Long live liberty!"

The insurrectionary movement then broke out on board the other new Brazilian dreadnought, the battleship Sao Paulo, and the scout ship Bahia. All the officers having been landed, a plain sailor of the first class named Jean Candido took command of the squadron.

Ammunition was provided, provisions were requisitioned and a coal depot on the Isle of Vianna was taken. Vessels were prevented from transporting coal destined for the French steamer Atlantique and the English ship Oronsa.

The movement was declared to be without political significance. The mutineers sent a message by radiograph to President Fonseca setting forth their claims for an immediate abolition of corporal punishment on board ship, an increase in their pay, according to the program submitted to congress some time ago, and diminution of the work with which they are burdened by reason of the maintenance of incomplete crews.

The statement added that a bomb-

## GENERAL REYES ON WAY TO MEXICO TO LEAD REVOLT

GEN. BERNARDO REYES

General Reyes, once a business friend of Diaz, was supposed to be an exile in France. It was reported among the Mexicans that he had already taken passage for New York and would reach Eagle Pass within ten days. Reyes was governor of Nuevo Leon, the hotbed of revolution in Mexico. During the last campaign for president of Mexico some of his admirers proposed his name as vice president. Subsequent events appeared to prove that Reyes, while avowing perfect amity and friendship of Diaz, was plotting his downfall. Then it was that the stirring events in May, 1909, occurred. Reyes was surrounded by troops and was to all intents and purposes a prisoner. He repaired to Mexico City, where he was sent on the foreign mission.

hardment of the city and of other ships in the harbor would follow the refusal of the demands.

The government refrained from replying to the ultimatum of the mutineers and a moderately severe fire was soon opened by them on the city. This continued at intervals all night. The inhabitants of Rio Janeiro were thrown into confusion by the suddenness of the event.

On the morning of the twenty-third there was further firing on the city by the mutineers, the shots coming at frequent intervals. Little damage to the city resulted from the bombardment.

When the mutineers took control of the warships, the vessels steamed around the bay, almost all of them flying the red flag of revolt from their masts. The torpedo boat destroyers remained loyal and anchored in the farthest corner of the bay.

At 7 o'clock on the morning of the 23d, the Minas Geraes, the Sao Paulo, the Bahia and the battleship Marshal Floriana crossed the bar and fired on the fortress, which refrained from responding. Curious crowds gathered on the water front, and watched the vessels maneuver. Surprise was expressed at the precision with which the giant fighting ships were handled by their sailor crews. It was difficult to imagine the absence of all the officers from the vessels. Once outside the bar, the squadron put about and again entered the bay, took up a position opposite the city and fired the big guns from all quarters of the ships.

A shot from a small calibre gun entered a house on Castello Hill, in the center of the city, killing two children and a woman.

During the day shots were regularly directed at the marine arsenal. About 1 o'clock in the afternoon, a small boat flying a white flag ran alongside the Sao Paulo. It carried Deputy Carvalho, a retired naval officer, who desired to talk with the mutineers.

A little later the deputy returned to shore and made a report to the chamber of deputies, which had been convened in special session to deal with the revolt. The entire membership of the chamber declared its support of the government.

Senator Ruy Barbosa, in the senate, in the name of the opposition made similar announcement of the body's support of the government.

Later Delegate Carvalho again went out to the Sao Paulo carrying conditions of surrender to the mutineers. The crew, however, delayed their intention not to give in until congress voted a measure of general amnesty.

The French training ship Duguay Trouin left the harbor without hindrance yesterday afternoon, passing near the Minas Geraes. The band of the Minas Geraes, saluted the French ship with the "Marseillaise," the crew lining up on the quarterdeck and cheering the Frenchmen.

The mutin, has no political significance, according to the statement of all government officials and political leaders.

## JEALOUSY

Caused Separation and Husband Shot and Killed Wife and Then Attempted Suicide.

Portland, Ore., Nov. 25.—"Boy, I tried to take you away from your mamma, but I can't, so I am going to end everything when she comes home tonight. Keep this card until you grow up and then read it. You will understand then. Papa."

This note was left by William Hassing to his 15-months-old son, shortly before he shot and killed his wife and shot himself. He may recover. The tragedy followed a separation because of his jealousy.

## BOY KILLED IN FOOTBALL GAME

Winnet, Conn., Nov. 25.—Harry Long, aged 17, was killed here yesterday in a football game between the Tieney Cadets and an independent team, composed principally of Gilbert Prep school students. His skull was fractured and he died a few minutes after the accident and before medical aid could reach him.

## DYNAMITE

Found Near Plant of American Bridge Company May Lead to Disclosure of Plot.

Chicago, Nov. 25.—Nineteen large sticks of dynamite were found in a field near the local plant of the American Bridge company today. The near presence of the explosive is thought to disclose a plot to dynamite the plant in a manner similar to outrages against this company at Los Angeles and Peoria recently, where bridges of the company were destroyed by strikers.

## CLOTHING

Caught from Open Grate and Two Women Were Fatally Burned at Toledo Hospital.

Toledo, Nov. 25.—Mrs. Anna Gunn is dead and Miss Amelia Schaffer will probably die from burns received at a masquerade ball at the Toledo Insane hospital last night. The women, both attendants, were in Eskimo costume and during a playful effort to startle another attendant Mrs. Gunn backed into an open grate. Her flimsy clothes caught fire and Miss Schaffer was burned trying to save her. Mrs. Gunn died this morning.

## NO OPPONENT TO GOMPERS

St. Louis, Nov. 25.—Talk of naming an opponent to Samuel Gompers for the presidency of the American Federation of Labor has subsided. The Socialists will not put up a candidate. Instead Victor Berger or Max Hayes will vote against Gompers, thus preventing his unanimous reelection. The convention will probably close tomorrow night, there being a little business remaining.

## CONCORD CITIZENS VICTIMS

Get-Rich-Quick Concern Gave Muskingum College Stock

## PROMISED DIVIDENDS

Sterling Oil Company of Cleveland Cleans Up on New Concorders to Tune of \$10,000.

New Concord, Ohio, Nov. 25.—Muskingum college holds a block of stock in one of the "get-rich-quick" oil companies closed out in Cleveland; also numerous dupes here are "in," or "out" to the tune of many thousands of dollars.

A news story from Cleveland was published Thursday to the effect that Messrs. Sandel and Frifren of that city, promoters of the Sterling Oil Co., had been arrested charged with using the mails with intent to defraud. This company had many investors here. A representative spent some time here about a year ago. He was selling Sterling stock to "a limited number of investors," who were "to get in on the ground floor." It was a good stock, so he said, and it would pay 2 per cent monthly. A block of \$1,000 was presented to the endowment fund of Muskingum college just to show their interest in educational matters. They were much interested in local affairs, especially in locating men with money who were hunting a good investment.

A local man was sent out to look over their holdings. He was treated royally and returned enthusiastic over prospects.

There was a scramble to get in on this fine stock before it was all gone. Probably ten investors came across with their good solid money and their holdings are estimated to be all the way from \$5,000 to \$10,000, a safe bet being somewhere between the two sums.

The news that the company was one of the numerous fake schemes came as rather unpleasant Thanksgiving tidings to local stockholders. The stock paid the 2 per cent a month for several months, but about three months ago the dividends ceased. The money was being used for "development work," it was explained.

The college stock was a donation, and the institution is ahead all of the dividends they received. All the others paid out god hard money and are wondering if it is all gone. They will organize and appoint a representative to see if anything can be saved from the wreck.

Grocer Jess Vermillion is the happiest man in town. When the dividends stopped he became suspicious and sold his holdings of several hundred dollars to another local stockholder at a profit, being ahead his profit and dividends. He wore the smile that wouldn't come off yesterday.

Grieffen, of the company, was formerly a Canton man and was well connected. His company furnished unimpeachable references and was able to gain the confidence of investors in small towns, to whom profits of 24 per cent annually seemed entirely practical.

There are a number of "I-told-you-sos" in town today—men who always knew the company was no good.

## CLASH

Will Probably Occur Today in Water Way Convention Being Held at St. Louis.

St. Louis, Nov. 25.—A fight in convention over the depth of the proposed lake to the gulf deep waterway and a possible split in the association seems certain today. The open clash will probably come this afternoon when the advocates of a 14-ft. depth present their argument. The nine foot supporters want work started at any depth so long as it is started at once. The 14-footers have declared for fourteen feet or nothing.

## HEART and HOME TALKS by Barbara Boyd

### Little Problems of The Home.

#### Grandmother's Thanksgiving.

GRANDMOTHER stepped into the auto and sank luxuriously back on the soft cushions. "It was a great game," she said. "And I'm perfectly ravenous for dinner." Her cheeks were pink, her eyes sparkling. She had been to the football game. She was going to a bridge party after dinner. "I remember," she said as they whirled home, "my grandmother sitting in the chimney corner Thanksgiving Day, delighted when some of the younger folks chatted with her a few minutes and inquired after her health. How times have changed!"

Indeed, the grandmothers of today do find that times have changed and that their lives have fallen into pleasant places.

In the olden times, when the younger generation took charge of the household affairs, there was little left for grandmother to do but sew or knit or coddle the children.

But today her life is full of interest. She has her clubs and these cover many interests from civic duties to bridge. Many a grandmother is an active worker in civic clubs. Many another enjoys a hand at bridge. And in between these extremes are suffrage, current events, history—clubs in fact covering many subjects. Instead of going to bed after dinner, grandmother goes to a bridge party, a church social or a concert.

Grandmother today is a traveler. You will hear her telling friends that after Christmas she is going to Florida, or California, or the Bermu-

das; possibly Italy and Egypt.

Grandmother today has something else to talk about than her fabrications or remedies for the baby's ill. She is well read. She'll discuss the politics of Great Britain, the most recent novel, or the latest aviation record. She is keenly interested in what the world is doing.

She wears pretty clothes. She dresses her hair smartly. She doesn't try to be youthful. But she refuses to be frumpy or old-fashioned. She is a charming picture and a charming person. Everybody, young and old, likes to see her and likes to talk to her.

So that grandmother on Thanksgiving Day can give thanks for many things of which her own grandmother did not know and could not enjoy. Not only has much more come into the life of the grandmother of today, but public opinion has changed in its attitude toward her. Formerly it would have wagged its head and said unkindly things of a grandmother who "gadded around and played cards." Now it is glad that grandmother enjoys herself. And everybody lends a hand to make grandmother enjoy herself. She has borne the heat and burden of the day. Now it is time to relax, rest and have the good things of the world laid at her feet.

The grandmothers who realize how much is theirs will give thanks indeed that their years have brought them to this goodly heritage.

### FASHION HINTS.

Lines of fur trim some of the prettiest evening frocks and are associated with bands of crystal, pearl, gold and silver embroideries. These embroideries are shown in great profusion at the trimming counters and some of them are exceedingly beautiful.

Black net sprinkled with pearls and drops is newer than the popular crystal dotted black net and subscribes to the fad for black and white.

The corded silks are making a bid for favor in connection with hand-sewn street suits, the fine cord apparently finding more favor than the Croman, although one sees the latter here and there. Beautiful moire red and other soft moires are used also for the coat and frock costumes, or for coats and suits, with frocks of sheerer fabrics.

The soft, rough tweeds, and coarse Scotch and English woolsens of like character, and the French bure, burlap, are in the lead for tailoring walking costumes, and ratine—one of the molleton cloths resembling a very fine chinchilla, with the roughness of surface produced by tiny knobs set thick on the right side of the cloth—is finding acceptance not only for smart motor coats, but for coat and skirt suits. It has been used considerably in Paris for white suits in place of the long familiar white serge.

Full length, luxurious coats of fur and of velvet or satin or silk are being shown everywhere. Many of these are plain of line and detail, with big fur collars, and one huge passermenterie fastening for trimming, but the elegance of the materials does away with need of trimming.

Tomato Soup. Buttered Beets. Baked Stuffed Onions. Lettuce—French Dressing. Wafers. Cheese. Chocolate Mousse. Coffee.

Recipes for Nov. 26, 1919:  
**Baked Stuffed Onions.**—Select large onions as near of a size as possible; peel them, cover with boiling salted water and simmer for 10 minutes. Drain, scoop out the center of each onion and fill the cavity with cold minced meat of any kind, highly seasoned and moistened with beaten egg and a very little melted butter. Place the onions closely together in a baking pan, baste with a little butter and bake in a moderate oven until tender and browned, basting occasionally with butter. Prepare separately one-half cupful of nice brown sauce, add the scooped out centers after chopping very fine, season highly and pour around the onions before serving.  
**Chocolate Mousse.**—Melt two squares of unsweetened chocolate over hot water, add a few tablespoonfuls of cream, and when mixed add it to the bowl of cream—three cupfuls altogether. Add one cupful of powdered sugar and stir until dissolved. Whip and take off the froth as it rises, laying it on a sieve to drain. When no more froth can be taken off, turn the drained froth into a wetted mold, cover and bind the edge with a strip of muslin dipped into melted butter. Bury in ice and salt and set aside for three hours to freeze.

Traffic on the various railroads through Newark has been exceptionally heavy and special provision is being made by the roads to handle the traffic.

**What Democrats Had To Be Thankful For**

Thanksgiving was observed by all good Democrats, as a matter of course, because they had much more to be thankful for than any political event since the civil war. It must not be forgotten, however, that many honest fair-minded Republicans contributed largely to the grand result of November 8. These good Republican helpers, be it remembered, came from the better element of their party.  
It was a victory in behalf of the great doctrine of equal rights to all and special privileges to none, such as the present generation has not beheld. Here are a few of the leading events for which the people had good reason to be thankful:  
Judson Harmon re-elected Governor of Ohio.  
John A. Dix elected Governor of New York.  
Woodrow Wilson elected Governor of New Jersey.  
Simon E. Baldwin elected Governor of Connecticut.  
Eugene N. Foss elected Governor of Massachusetts.  
A Democratic House of Representatives at Washington by over 60 majority.  
A gain of 9 Democratic United States Senators, including the one from Ohio, which ends the state's disgrace of Dick, and for which other states will be thankful.  
A Democratic majority in the Ohio Legislature, consisting of 25 on joint ballot in the election of a United States Senator, which majority will

carry out the reforms of Governor Harmon.  
Certainly it was a grand result to be accomplished in one day.  
It is quite probable that Mexico's trouble is largely due to what we term in this country as political bossism, but while in that country seems to require payments to enforce. From the true American standpoint it is natural to conclude that when the last elections were held if there had been a free vote in the ballot there would now be less demand for the bully.

**CONGRESSMAN ASHBROOK**

(Columbian Times.)  
It is rather early to speak of candidates for governor in 1912, but we notice that many of Congressman Ashbrook's friends are urging him to make the race. Mr. Ashbrook, with his well known running abilities and his all around good fellowship, would be a strong factor in the race, but to us it seems that he is in his element in congress and that he can do much more for his district than any new man who may be chosen. It would be a high honor to fill the executive chair of Ohio, but Democrats would do well to remember that Ohio is a Republican state under ordinary conditions, and that to win, there must be dissatisfaction over Republican administrations.  
Mr. Ashbrook can be elected to congress from the seventeenth district as often as he will consent to run, provided the district is retained in its entirety in the next decade.

**SEVERE PAINS AFTER EATING**

CAUSED BY FORMATION OF GAS IN THE STOMACH.

This South Bend Man Was Cured by the Tonic Treatment with Dr. Williams' Pink Pills.

In cases of weak stomach where the patient is pale and the blood thin, the first step towards restoring the activity of the stomach is to improve the condition of the blood. A supply of rich, well-oxygenated blood is necessary to the processes of digestion and with it, if errors in diet are avoided, nature will work a cure. This is known as the tonic treatment for indigestion.  
This tonic treatment with Dr. Williams' Pink Pills, which builds up the blood so that it can nourish and strengthen the weakened digestive system, has made hundreds of cures in the most severe stomach disorders.  
My doctor, Dr. H. R. Sarge, of 1701 Miami street, South Bend, Ind., is one of those who endorse the tonic treatment for indigestion as a result of personal experience.  
"I had stomach trouble for several years," he says, "and would be bedridden from a week to ten days two or three times a year. I had no appetite, food distressed me, causing gas to form, and I had pains in the stomach after eating. During my sickness I always had severe pains in the front part of my head and dizzy spells. I couldn't sleep well and was generally in a run-down condition.  
"My doctor did not seem to help me as I kept on having the sick spells. I also tried many medicines with no benefit. I was living at Bayola, Michigan, at the time and was advised to try Dr. Williams' Pink Pills by a druggist there. In a few days I noticed they were helping me and I kept on with them until they made a complete cure. I can now eat without distress and have had no return of my stomach trouble since."  
The processes of digestion are controlled by the blood and nerves and medical science has produced no better digestive tonic than Dr. Williams' Pink Pills. Every dyspeptic should read "What to Eat and How to Eat." Write the Dr. Williams' Medicine Co., Schenectady, N. Y., for a free copy.  
Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50.

**SAYS QUININE WILL NOT CURE A SEVERE COLD**

You will distinctly feel your cold breaking and all the Grippe symptoms leaving after taking the very first dose.

It is a positive fact that the Pope's Cold Compound, taken every three hours, until three consecutive doses are taken, will end the Grippe and break up the most severe cold either in the head, chest, back, stomach or limbs.

It promptly relieves the most miserable neuralgia pains, headache, dizziness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Pope's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

Take this harmless compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects as a 25 cent package of Pope's Cold Compound, which any druggist in the world can supply.

**NOTICE TO FAT WOMEN.**  
Presumably you know, ladies, that the proper caper nowadays is thin. Curves are passed. You have got to take off your fat. This must be done in one of three ways. By dieting, by exercising, or by means of Marmola Prescription Tablets. The two former will keep you busy for months and punish you pretty severely; the latter will cost you 75 cents at the druggist's. The tablets will not make any alteration in your diet necessary, and yet in all probability, before you have used up one case you will be losing from 12 to 16 ounces of fat a day. Which method do you like the best?  
If you fancy this pleasant method of getting off the fat, see your druggist instantly, or else write the Marmola Co., 631 Farmer Bldg., Detroit, Mich., to send you a case by mail. These cases contain so generous a quantity of tablets that the treatment is very economical. It is also quite harmless, for the tablets are made exactly in accordance with the famous Marmola Prescription.

**OUT OF HEALTH**

is a very common expression. Are you one of the unfortunates,—and what is the cause?

There are hundreds of people right in this vicinity who have poor blood, are run-down, all tired out, with no strength, vitality or ambition.

We want to ask all such people to call at our store and get a bottle of Vinol, our delicious cod liver and iron tonic, which is made without oil and very palatable.

We claim it will make pure, rich red blood, and impart new life, energy and strength to every person who does not feel well. If it fails we will return your money—without question. Isn't this a fair and generous offer?

A case is reported from Leipsic, Ind.—Mrs. C. R. Catlin was troubled with indigestion—was weak—all run-down. She says Vinol cured her stomach trouble—restored her strength,—and made her feel like a new woman. Anyone in her condition can get the same benefit from Vinol.

**BE ON HAND WITH AUTO**

The Y. M. C. A. State Boys' Convention is now in session. One thing on the program for entertainment and instruction, is a trip to the Country Club grounds and the Fair Grounds to see the Earth Works.

It is desired that every automobile, possible, be at the Association building at 3 o'clock sharp on Saturday afternoon. If you have an auto and have not been seen or telephoned to be on hand at that time. It is a big task to take care of the 200 or more boys and get them to see these earth works so we urge that you come with your auto and help entertain.

the pastor in his study and that of his wife near the kitchen door in the dining room. Death had been instantaneous in each case. Thieves ransacked the house, even tearing away the hand-some gold watch which the pastor wore on a chain about his neck.  
Mrs. Sears, the housekeeper, was in her room, preparing to retire, when the shots were fired. The aged woman, badly frightened, closed the door and did not venture downstairs until she heard her son coming home. She ran down to meet him, and told him what had happened.

Sears and his mother ran to the homes near by, and in a short time the whole village was aroused and the hunt for the slayers started.

Trenton detectives, police officers and neighbors of the couple have formed posses, and last night the countryside was being searched for any clue which might give a trace of the murderers.

John Sears was arraigned before Justice of the Peace Mills and held without bail, to answer two separate charges of homicide. Rudolph Norhaus, who was brought to Trenton by the county authorities along with Sears, was allowed to go to his home in New Brunswick. Prosecutor Crossley said he was satisfied that Norhaus was in no way connected with the murder.

Sears's mother, the housekeeper in the Armstrong household was impounded in the custody of Constables at a house in Dutch Neck. Mr. Crossley would not discuss the surveillance of the mother except to say that the disposal of her case would be determined today.

**CONFESSED TO CRIME.**

Trenton, N. J., Nov. 23.—John Sears, negro, today confessed that he killed Rev. A. L. Armstrong and wife last Wednesday to get a share of the Armstrong estate which he thought was coming to him. Sears had been arrested on suspicion and broke down after a severe examination.

Sears showed the detectives where he hid the watch he took from Armstrong's body and described how he entered Armstrong's home after a quarrel with the latter and shot Mrs. Armstrong first and then killed the minister. He claims Armstrong struck him over the head with a cane Wednesday during the quarrel.

### AWOKE

In Cemetery Vault According to the Story of Daughter Whose Mother Went Into Trance.

Cleveland, Nov. 23.—Was Mrs. Anna Hubbell, of Aurora, Ohio, not far from Cleveland, buried for dead and resurrected? A daughter of Mrs. Hubbell, who lives in Cleveland, says she was a grand-daughter, who lives at Aurora, says she was not.

Mrs. Hubbell, who is 65 years old, and seemingly in good health, won't discuss the matter further than to admit that she was very ill several weeks ago but recovered suddenly. Mrs. Etta Winfield, of this city, the daughter of Mrs. Anna Hubbell, of Aurora, says that her mother was taken suddenly ill about three weeks ago and was thought to have died.

She was summoned hastily from Cleveland, and upon arriving at Aurora found her mother apparently dead. She says she knew that former members of the family on her mother's side had been subject to trances, and told the undertaker of her suspicions that Mrs. Hubbell was merely in a trance. She advised him to refrain from embalming the body and asked that her mother be placed in a vault with the casket lid open.

This, according to Mrs. Winfield, was done. The woman was placed in a vault at the Aurora cemetery, at 2 o'clock in the afternoon. Late that night the sexton of the cemetery, who had been told of the daughter's suspicions, went to the vault and discovered that the body had moved in the casket. He summoned aid, had the woman taken to a physician who worked over the woman for several hours, finally bringing her back to life again, or out of her trance, for such it was pronounced.

Though the story has created considerable excitement in the little village of Aurora, the persons concerned decline to discuss it. There are many who insist Mrs. Winfield's account of the unusual affair is correct. Others say there is nothing to it.

### Catarrh of the Stomach

A Pleasant, Simple, But Safe and Effective Cure for It.

Catarrh of the stomach has long been considered the next thing to incurable. The usual symptoms are a full or bloating sensation after eating, accompanied sometimes with sour or watery risings, a formation of gases, causing pressure on the heart and lungs and difficult breathing, headaches, fickle appetite, nervousness and a general played out, languid feeling.

There is often a foul taste in the mouth, coated tongue and if the interior of the stomach could be seen it would show a slimy, inflamed condition.

The cure for this common and obstinate trouble is found in a treatment which causes the food to be readily, thoroughly digested before it has time to ferment and irritate the delicate mucous surfaces of the stomach. To secure a prompt and healthy digestion is the one necessary thing to do and when normal digestion is secured the catarrhal condition will have disappeared.

According to Dr. Harlanston, the safest and best treatment is to use after each meal a tablet, composed of Diastase, Aseptic Pepsin, a little Nux, Golden Seal and fruit acids. These tablets can now be found at all drug stores, under the name of Stuart's Dyspepsia Tablets and not being a patent medicine can be used with perfect safety and assurance, that healthy appetite and thorough digestion will follow their regular use after meals.

Mr. R. S. Workman, Chicago, Ill., writes: "Catarrh is a local condition, resulting from a neglected cold in the head, whereby the lining membrane of the nose becomes inflamed and the poisonous discharge therefrom passing backward into the throat reaches the stomach, thus producing catarrh of the stomach. Medical authorities prescribed for me for three years for catarrh of stomach without cure, but today I am the happiest of men after using only one box of Stuart's Dyspepsia Tablets. I cannot find appropriate words to express my good feeling. I have found flesh, appetite and sound rest from their use."

Stuart's Dyspepsia Tablets is the safe, prescription as well as the simplest and most convenient remedy for any form of indigestion, catarrh of stomach, biliousness, sour stomach, heartburn and bloating after meals.

### One True Medicinal Whiskey

Beware of imitations and substitutes unscrupulous dealers tell you are "just as good as" Duffy's Pure Malt Whiskey.

These cheap concoctions are foisted on the people with the intent to deceive by dealers mindful of their profits only and caring nothing for the health of their patrons. Some go so far as to try to make you believe it is Duffy's Pure Malt Whiskey.

### Substitutes Are Dangerous

When a remedy has been before the public for more than half a century, has been prescribed and used by the best doctors and in prominent hospitals, and has carried the blessings of health into as many thousands of homes as Duffy's Pure Malt Whiskey has, imitations are bound to arise. But they cannot be made to look and label only—no one can imitate the contents.

### Duffy's Pure Malt Whiskey Is Beneficial

It is an absolutely pure distillation of malted grain. Its palatability and its freedom from injurious substances render it so that it can be retained by the most sensitive stomach. It has been used with remarkable results in the treatment of consumption, pneumonia, grip, coughs, colds, asthma, malaria, low fevers, stomach troubles and all wasted and diseased conditions.

The genuine Duffy's Pure Malt Whiskey is sold in sealed bottles only. The "Old Chemist's Head" is on the label and over the cork is an engraved seal. Be certain this seal is unbroken. Sold by druggists, grocers and dealers everywhere or direct, \$1.00 a large bottle.

The Duffy Malt Whiskey Co., Rochester, N.Y.

and several of the flying shots struck Mr. Dodson in the face. While not serious the accident caused him considerable pain and he was brought to Newark and taken to the office of Dr. J. N. Stone, East Main street, where the bits of lead were removed.

### MASKERS

Celebrating Thanksgiving Eve Hold Up Man in New York and Rob Him of \$2,000.

New York, Nov. 23.—Thieves in the guise of street masqueraders, a custom of long-standing on Thanksgiving in New York, perpetrated a bold hold-up and robbery last night and escaped with \$2,000 loot. John J. Bothwell, of Brooklyn, victim of the assault, was taken to Bellevue hospital badly battered.

A crowd of men in masks and all wearing outlandish costumes surrounded him and demanded money. He refused and was beaten. When released he discovered that his money and jewelry, amounting, he said, to \$2,000, was missing.

### Daddy's Bedtime Story

Robin Hood and Alan-a-Dale

"I Choose Alan-a-Dale"

"CHILDREN," asked daddy one evening when Evelyn and Jack asked him for a bedtime story, "have you ever heard of Robin Hood?"

Jack said his teacher had told him that Robin Hood was a man who lived long ago in England; that he was a robber who took from the rich and gave to the poor; that in those days this was not considered very wrong, although our ideas about such things have changed now, that Robin Hood was considered a hero by the poor folks of England and that many stories are told about him.

"That is just about right," said daddy. "Now I am going to tell you how Robin Hood gained one of his best men. He was standing one day in the forest of Sherwood, where he made his home, when he saw a young man in a scarlet coat go by. The young man was whistling and seemed very happy. 'I will not trouble him,' said Robin Hood, 'for I think he is on his way to his wedding.' But the next day the same young man went by the other way. This time he was without his scarlet cloak, and he seemed to be very sad.

"Robin Hood stopped him. 'Friend,' he said, 'have you anything for Robin Hood and his merry men?'

"I have nothing but this wedding ring," said the young man. 'You may take it, for I have no more use for it. I was to have been married yesterday, but my sweetheart's father says she must marry a rich old man, although she loves me. I am too poor for him.' And he looked sadder than ever.

"We'll see about that," said Robin Hood. He felt sorry for the young man, whose name was Alan-a-Dale. 'Where is the wedding to be and when?'

"Today and at the church five miles from here," said Alan. 'You must hurry if you are to save her from the old man.'

"So Robin Hood dressed himself up as a harper and went to the wedding. There he was made welcome for his music. When he saw the beautiful young bride, her eyes filled with tears, about to be married to a gray, bent old man he said out loud:

"This is no match. Let the bride choose her own bridegroom."

"And with that he took his horn from his belt and blew a loud blast. As quick as lightning a crowd of Robin Hood's men came running from the woods. With them was Alan-a-Dale, whom Robin Hood had left with his band.

"Whom do you choose for your husband?"

"I choose Alan-a-Dale," said she. And the two were married then and there and went to live with Robin Hood and his men."

Dr. Greene's  
NERVURA

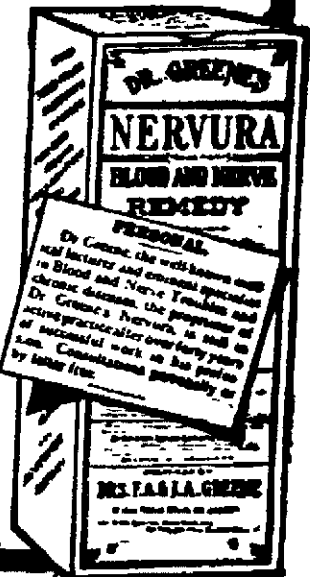

## For Mothers

Motherhood is woman's chief joy, and greatest trial. Proud indeed, and blest among women, are those whose children laugh and grow in perfect health. But only a woman knows at what a price this blessing is obtained. Prepare for this important event by taking Dr. Greene's Nervura blood and nerve remedy. It strengthens the female organs, it purifies and enriches the blood, it strengthens the nerves. It is the world's greatest tonic and female regulator.

Mrs. J. S. Randall, of Bloomington St., Chelsea, Mass., says: After the birth of my baby girl I was left with nervous prostration. I was very weak and miserable and could scarcely walk. I tried many remedies and doctors with many doctors but grew worse all the time. Then one day a friend told my husband to get a bottle of Dr. Greene's Nervura. Before I had taken the first bottle I began to feel better. I continued until I had taken seven bottles and was a well woman. Nothing tires me now, and I wake in the morning from a most refreshing sleep with a perfectly rested feeling.

Dr. Greene's Nervura is good for baby as well as mother and father. It is the best of family remedies.

Dr. Greene may be consulted free of charge, either by letter or personally, at his office, 9 West 14th Street, New York City.

BOY'S CONVENTION  
OPENED TODAY AT  
TAYLOR HALL

The Ohio Boys Convention of the Y. M. C. A. is now "in our midst." Bucyrus came first in time of arrival and the eight youngsters all looked like right good football timber. They are all anxious to see Newark. Next came Columbus with twelve on the 11:05 limited Ohio Electric, headed by M. G. Bailey, the hard-working boys' secretary there, while the 12:15 train on the B. and O. brought Cleveland's thirty, Mansfield, Mt. Vernon, Akron, Youngstown, Painesville and Ashtabula. Bayville has broken loose in great shape. Gild Lippincott and his local helpers are "buzzy" as bees.

Almost at the last hour the number of places for entertainment came up to 260 and if a few more of the good folks will telephone at once they can help finish it up.

The session opened with a song service and devotion with Mr. Jesse Vickery, the Bellaire attorney, who gives so much of his life to the boys, in the choir Jimmy Fraser, home from Pittsburgh, led with the cornet and the singing was of the kind that boys can do when they want to.

The Vesper service will begin promptly at 5:00 p. m. There will be no Confirmation service in connection with it.

Bishop Vincent was recently honored at the General Convention held a short time ago in Cincinnati, by being elected President of the House of Bishops. He presided over the deliberations of that august body.

A Medicine That Does Not Cost Anything Unless It Cures.

The active medicinal ingredients of Rexall Orderlies, which are odorless, tasteless and colorless, is an entirely new discovery. Rexall Orderlies are eaten like candy and are notable for their agreeableness to the palate and gentleness of action. They do not cause griping or any disagreeable effect or inconvenience.

Nancy A. Herrick, being duly sworn, deposes and says: When I was a girl, I had a head of heavy, long, dark brown hair which was the envy of my schoolmates, and which attracted the attention and remarks of strangers. As I grew older, my hair commenced to come out, just a little at first, but gradually more and more, and then began to turn gray. I was induced by the many good reports I had heard of Wyeth's Sage and Sulphur Hair Remedy to try a bottle. My hair was quite thin and gray when I began using Sage and Sulphur, and you can imagine my satisfaction when I found that it was fast coming back to its natural condition, being thicker, darker and more glossy than it had been for a long time. I continued to use Sage and Sulphur, and my hair is now as heavy, dark and smooth as when I was a girl of sixteen. It is now four years since I commenced using Sage and Sulphur, and my hair is still in splendid condition.

Sworn to before me this 25th day of July, 1910.

# How She Keeps Her Baby Healthy—Test Free

An easy way for any mother to raise sturdy children

So far back as the memory of every mother has had her own peculiar ideas about how to keep her baby healthy. But women are getting to agree on the main point more and more, and that is that it is of first importance to keep the little ones well fed.

From the bowels comes health or sickness. Dr. Caldwell, Richmond Hill, L. I., and others. Unless a child is born with a strong constitution, it must be kept healthy, and this can be done by giving it a strong, healthy, and pure in infancy and childhood. It is the main point for the mother to look after. The amount of food and playing a child does keeps its bowels moving naturally, but if it comes to a stop, then the mother must give it a laxative. It is not necessary to give a laxative at all, but if it is necessary, it should be given in a way that will not harm the child. Dr. Caldwell does not feel that the mother should give a laxative to her child. He has specialized in stomach, liver, and bowel diseases for over forty years and will be pleased to give the mother any advice on the subject free of charge. All are welcome to write him. Write for the medical advice giving in these columns. In the New York City, Dr. Caldwell's address is Dr. Caldwell's, 341 Caldwell building, Whiting of Lena, Wis. Mrs. Chas. H. M. M. M. M.

# THANKSGIVING CELEBRATION OVER THE CITY

Hotels Served Elaborate Menus and Theatres Did a Record-Breaking Business.

Thanksgiving day is ever anonymous with feasting and true to the custom established by our Pilgrim Fathers when they collected the best of the land and were thankful so we feast, and are thankful. Yesterday was well celebrated in Newark.

Being Turkey reigned in most of the homes and all the hotels served elaborate menus many of them serving dinner in the evening. The private boarding houses of Mrs. Cordray and Mrs. Bowden were thronged with the regular guests and many strangers and at each place the dinner was most "tasty."

The First M. E. church opened the new building to the public for the first time when the ladies served a Thanksgiving dinner in the new dining room. It is estimated that nearly five hundred people were served during the dining hours.

Both the theatres had record-breaking audiences. The management of the Auditorium theatre sold out the house for the afternoon performance long before the show began and at 4 o'clock in the afternoon every seat in the house had been disposed of for the evening show. The matinee at the Orpheum was well patronized and at the evening performance people were turned away.

The motion picture theatres were crowded during the entire day and the other entertainment was afforded by football games both in the morning and afternoon and in the evening the Phi Sigma Chi fraternity gave a ball at Assembly hall.

Children's Suits and Overcoats, Warm Underwear, Caps, Mittens and Gloves, Hose, Mufflers, Sweaters, &c., &c.—all winter wearables for the boys at EMERSON'S, cor. Third and Main.

### GRANVILLE

Granville, Nov. 25.—The funeral services over the remains of Harvey T. Lawler, who died at his home on North Granger street, on Wednesday evening at 5:30 o'clock, after a short illness of indigestion, will be held at the home on Saturday morning at 10:30 o'clock, conducted by the Rev. C. J. Baldwin, pastor of the Baptist church, and the interment will be made in the Maple Grove cemetery.

The deceased was a son of Mr. and Mrs. J. W. Lawler, of this place. He was an unmarried man and was well known in Licking county.

The "Man from Home," will be presented by Mr. Victor Hoppe in the opera house on Wednesday evening, November 30, and will be given under the auspices of the Daughters of the American revolution.

The concert given by the members of the Welsh Hills band, on Wednesday evening, was a big success. There was a large attendance at the Welsh Hills Baptist church, where the concert was held, and all enjoyed the fine music rendered by this popular musical organization.

The members of the band have been doing some faithful practice during the past few months and their music will now compare favorably with that of any band in the county.

Saunders Jones, of Miami, Fla., has returned to the south, after a pleasant visit with friends and relatives here and in the vicinity.

On next Tuesday evening at 6:30 o'clock, will be held the regular meeting of the Scientific association in Barney science hall. On this occasion Prof. C. E. Wood will speak on "The Development of Harmonic Music."

Roger Boggs, the lad who was so badly burned by his gown catching fire while taking part in some exercises in the fourth grade of the public schools, on Wednesday afternoon, is getting along nicely, and the probability is that he will make a quick recovery.

At a recent meeting of the Athletic association of Doane academy the following officers were elected: President, D. E. Reese; vice-president, A. A. Cutler; secretary, R. B. Deer; first member board of control, B. E. Bradford; second member board of control, J. C. Clark; college member of the board of control, W. D. Miller. Ward S. Walcott was elected manager of the

basket ball team by the board of control.

The funeral services over the remains of the late Mrs. Sarah Pfeiffer Montgomery, widow of the late John Montgomery, were held at the home of her son, Chester, where she passed away on Wednesday, at 1:30 o'clock Friday afternoon. The interment was made in the Maple Grove cemetery. The deceased was aged 69 years and had made her home with her son, Chester, for some time.

Miss Clara Shively, teacher in the fifth grade, is spending her vacation in McArthur, Ohio, at her home.

Miss Vera Schumaker of Columbus has been visiting relatives here for a few days.

Mrs. J. A. Jackson and little daughters spent Thanksgiving Day with friends in Delaware.

The Union Thanksgiving services were held in the Methodist church, Thursday morning, at 10:30 o'clock, and were attended by a large congregation. The sermon was preached by Dr. C. J. Baldwin.

Mr. Hunter, do you realize that the hunting season this year is much shorter than ever before? Only 17 days of actual hunting this year. This is caused by the three Sundays slipping in, and, unless it snows soon, the fun of tracking rabbits will have to be foregone this year.

As Christmas comes on Sunday this year, and New Year's the same, both days will be celebrated on Monday following, the usual custom. There will be no "open house," as was the fashion in the good old days of long ago.

Denison university and Shepardson college will resume work Monday afternoon after the Thanksgiving vacation.

### SUNDAY SCHOOL CONVENTION NOV. 27

The Union township Sunday school convention will be held at the Methodist church at Hebron at 2 and 7 p. m., Sunday, Nov. 27. J. H. Taverner is township president.

The afternoon program begins with a devotional exercise, followed by The Graded Lessons, Miss Grace Dicken; Duties of the Superintendent, W. W. McCarty; Regularity and Promptness on the Part of Teachers, Mrs. Wm. Lawler; The Teachers' Meeting, Miss Philbert Hutzel.

At the evening session Miss Clarice Carroll, county secretary, will tell of Teachers' Training; Mrs. J. R. Tibbles will discuss Primary Work; Andrew S. Mitchell of Newark "The Organized Class," and Rev. J. O. Newton, pastor of Licking church, "The Sunday School as an Evangelistic Force."

These are real overcoat days and your overcoats should be upmost in your mind. Come to EMERSON, the Clothier and Hatter, Cor. Third and Main, and you will find a fine selection.

### INSANE MAN TORE CLOTHING FROM PERSON

Taken to State Hospital at Columbus Today by Sheriff Slabaugh—General Court News.

John Ridenour, a well known man of this county, was adjudged insane in the Probate court Friday afternoon by Probate Judge Robbins Hunter. The case was a most pathetic one. Ridenour had been working on a farm near Hanover for some time, but recently began acting queerly and a few days ago went violently insane. He was brought to Newark and placed in the city prison. While there he tore nearly all the clothes from his person, and the shoes from his feet. When he was brought into court Friday afternoon, he had neither coat nor hat on and was in his bare feet. The medical experts were Drs. D. M. Smith and C. F. Legge. He was adjudged insane by the court and after he had been provided with clothing, hat and shoes was taken to Columbus by Sheriff Slabaugh. Ridenour had previously been adjudged insane and was discharged from the State Hospital one year ago last February.

The man who never profits by his own mistakes can't expect to profit by those of others.

### CAPITAL PUNISHMENT—SHOULD IT BE ABOLISHED?

We notice that this subject is again coming to the front, and is being discussed by a very large portion of the public.

There is considerable talk abroad that the matter will be brought to the attention of our law makers, and that our legislature will be called upon to repeal the death penalty and substitute in its place imprisonment for life.

We notice also that the pendulum of thought is drifting in an opposite direction than formerly and that popular opinion not only in England but also in our own country is setting strongly against capital punishment. While statistics are somewhat misleading still from what we can glean from reliable sources touching upon this question, we find that in the states where capital punishment is, and has been the law for years, the crime of murder has not diminished to any appreciable degree, and the fear of it has not deterred the murderer from committing this heinous crime. In many of the states the law has been abolished, and imprisonment for life substituted. The majority of the law is such that it would rather have ninety and nine guilty persons escape, than that one innocent person should suffer. And while this is true we know from history that the innocent have been found guilty and executed, when afterwards they were found innocent. If imprisonment for life were the penalty for murder, if said persons could be found innocent, they could be pardoned—whereas if they suffer the death penalty, innocently in the language of the immortal bard, "I know not from whence cometh that Promethean fire, that can that light becom'."

Many of these cases are convicted purely on circumstantial evidence, which we all know is of the most uncertain kind, as most able lawyers will admit. Why then trifle with human life in this manner?

The leading journals and the leading minds are asking whether the purpose which it is designed to fulfill, namely, that of preventing crime, is being accomplished by it; and they seem inclined to hold a negative answer, and to regard capital punishment as an unsatisfactory institution, while the London Lancet even goes so far as to hold up to ridicule the idea of a great nation like England "strangling" its malefactors. The advisability of capital punishment has occupied the serious attention of some of the greatest minds that have ever lived and arguments pro and con have not been wanting.

Judging from the experience of the past four years we would be inclined to think that popular opinion is getting against hanging as a punishment for murder, and that we are commencing to look upon capital punishment as but little if any better than judicial murder. Of course, we cannot afford in the interest of civilization to allow men to go free, who are capable of killing their fellowman; but whether we have the right to kill in turn seems to be a question that is open to argument. When a man is carried by passion or liquor to the point that will induce him to kill a fellowman he has very little thought for the prospective punishment that awaits him. Of course we all realize that capital punishment was not designed as an act of vengeance, but rather as a means of intimidation of prevention against crime! But that it does not fulfill its intended purpose, we imagine, is becoming very evident.

Does it not seem brutal, to say the least of it, to put a rope around a man's neck and drag him up as we would a bull or a pig, until we have either choked him or broken his neck? And does it not seem even more strange and brutal when we realize that this action is taken by the order of men, and a man for his assured intelligence has been selected to sit in judgment on his fellow men, who quietly and deliberately determines that a fellow creature shall be launched into eternity.

We do not wish to be understood for a moment that murderers should be allowed to go at large—by no means—but we do say most emphatically that no man or body of men can reasonably have the right to condemn a fellow man to death. Murderers should be confined where they can have no power to work further mischief, this we all concede, but at the same time that we can conceive of no right to kill a man because he has killed another. Imprisonment for life, we take it, to most criminals is far more to be dreaded than hanging. When a man is convicted for murder and sentenced to imprisonment for life, this law should be carried out to the very letter, and the pardoning power by the governor should be taken away only in exceptional cases, where there were some mitigating circumstances. We know they say in a very boastful way that criminals have a faint hope of sooner or later being reprieved, and this buoy them up and is in a measure preferable to being hung. The law should be so amended that when a criminal is sentenced to a life imprisonment that it should be carried out to the very letter, there should be no evading the law.

It is the duty of physicians to enlighten the public on subjects like these; hence we have felt called upon to write this article.

In these days of civilization and advancement let us consider well whether capital punishment is not a great blot on our civilization, and let us look well to it whether we are not harboring a relic of barbarism. Justice, law, and order must be

maintained at all hazards. The man who infringes upon the rights of his fellow man, should be punished; he whose liberty is dangerous to the welfare of his neighbor must be restrained of his liberty; but we again say that we doubt very much whether the proper way to accomplish this purpose is to deprive him of his life, and we imagine that popular sentiment joins in this doubt. We all know that the present law on our statute books is practically obsolete—rarely if ever enforced. Let us be consistent at least, and respect it, and in the name of justice and humanity substitute in its place "imprisonment for life."

Opened the Kilbane-Kaufman Fight At Akron With Prayer Last Night.

Akron, Nov. 23.—The remarkable spectacle of a boxing exhibition attended by 15,000 men being opened by prayer and witnessed by an evangelist, was seen at the Kilbane-Kaufman bout last night, when Dr. W. E. Beidenwolf, at the invitation of the Akron Athletic club, prayed for the spectators and participants and city officials present.

"I have had the gloves on a few times myself and I like the boxing sport, but I will fight prize fighting every time," said the evangelist.

**No Powder To Rub Off—Nothing to Show—Only Velocity Location when you OPERA CREAM For the Complexion.**

Here is what one woman says: "It certainly is delightful to have so many of my friends ask me how I get such a nice complexion, and I am writing you my experience for the benefit of other ladies who like to appear nice, and care for admiration. Nature never blessed me with much of a complexion and I never found any powders or greasy creams that helped it much. About four months ago I saw OPERA CREAM demonstrated and I decided to try it. The first time I used it I surprised my husband, for he became interested right away and asked me what I had used on my face. He said it had such a lovely, velvety appearance. After this I used OPERA CREAM regularly, and it was a pleasure to see my complexion improve. Now I have a clear, soft skin that I am proud of, and will always praise Opera Cream."

Opera Cream is for sale by all druggists, 25c a Bottle, or mailed upon receipt of price by the manufacturer, The Dayton Drug Co., Dayton, Ohio.

**HARVEY LAWYER.**  
Harvey Lawyer of Granville died on Wednesday last, after an illness of only three days. The funeral will be held at the Lawyer residence on Granger street at 10:30 a. m. Saturday. Interment at Maple Grove cemetery.

Harvey Taylor Lawyer was born on Centerville street, near Granville, June 2, 1874. He was the son of J. W. and Eliza Lawyer. Besides his parents, there survive him three sisters, Mrs. Fred Williams, Miss Emma Lawyer and Mrs. Cora Rose.

This death brings the first break that has occurred in the Lawyer family proper since the civil war and the first break in the immediate family circle in the 50 years since Mr. and Mrs. Lawyer were married.

Harvey Lawyer's most notable characteristic was perhaps his kind-heartedness. That trait, together with his uniform cheerfulness, won for him many friends.

From his early boyhood he was interested in local archæology, and he gathered an excellent collection of Indian and Mound Builders' relics. He was also interested in amateur photography, and of late years he acquired considerable skill in that work.

**WHITE SLAVE**  
Law May Be Applied to Cincinnati Case, Where One Girl Contributed to Delinquency of Another.

Cincinnati, Nov. 25.—Federal authorities today began an investigation into the case of Edna Floyd and Agnes Nee of Wheeling, W. Va., who say they are 19 years old, to learn whether there is ground for federal action under the white slave law. The Floyd girl faces charges of contributing to the delinquency of the other. They were found in a saloon here in company with a man and his wife. The woman has been dismissed from connection with the case.

the carrying out of this plan will be imprisoned in order to be judged by the courts of the republic after the close of the revolution.

"10. The appointment of a governor provisional of every state occupied by the revolutionary forces shall be made by the provisional president.

"11. The new authorities shall dispose of all moneys found in the public offices in order to provide for the ordinary expenses of the administration and for the cost of war, keeping account with the greatest scrupulosity. When such funds are not sufficient for military outlays, voluntary or forced loans shall be resorted to, but the latter only from citizens or from national institutions.

"Not the highest functionaries to be exempt from such punishment, except General Diaz and his ministers, who will, in case they ordered or permitted executions, be punished likewise, but only after they have been sentenced by the courts of the republic once the revolution is accomplished.

"In case General Diaz shall dispose of the customs of war be respected, his life shall be spared, but in any case he shall give account to the courts of the manner in which he has managed the funds of the people and how he has complied with the laws."

**PREDICTION OF ARMY MAN.**  
Leavenworth, Kas., Nov. 25.—That the present troubles in Mexico will have no serious consequences is the opinion of General J. Franklin Bell, former chief of staff of the army, who is visiting here. He says the real trouble will come with the death of President Diaz.

**Increased Capacity for Mental Labor Since Leaving Off Coffee.**

Many former coffee drinkers, who have mental work to perform, day after day, have found a better capacity and greater endurance by using Postum instead of ordinary coffee. An Illinois woman writes:

"I had drank coffee for about 20 years, and finally had what the doctor called 'coffee heart.' I was nervous and extremely despondent; had little mental or physical strength left, had kidney trouble and constipation.

"The first notable benefit derived from the change from coffee to Postum was the natural action of the kidneys and bowels. In two weeks my heart's action was greatly improved and my nerves steady.

"Then I became less despondent, and the desire to be active again showed proof of renewed physical and mental strength.

"I am steadily gaining in physical strength and brain power. I formerly did mental work and had to give it up on account of coffee, but since using Postum I am doing hard mental labor with less fatigue than ever before."

## NEWARK BOYS IN OLD MEXICO

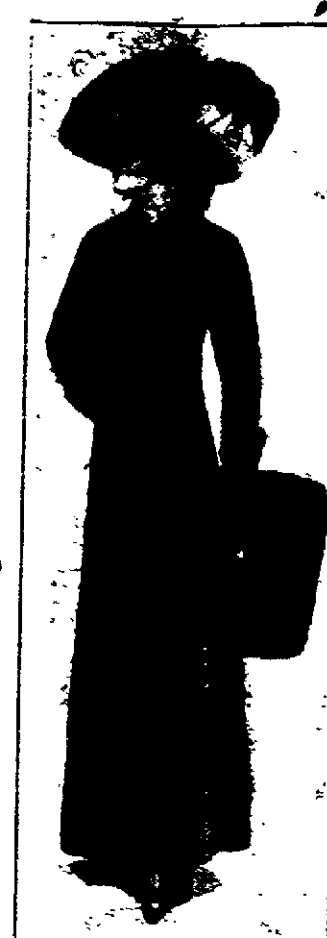

Two Newark boys are in Mexico at the present time, and although nothing has been heard from them it is not thought they are in any danger from the revolution although they are in the fighting district. Robert Fulton has been in Mexico for some time past and he is now on the west coast working with an engineering corps.

Roy Lane is also in Mexico where he has been for several months past, and is at present in Chihuahua, where the fighting between the revolutionists and the government forces has been particularly severe. Lane's family is quite anxious about him, although it is thought he may have left with other Americans in that locality when the trouble started.

Several other Newark men have been in Mexico recently, among them being Horace and Bernard Smith, Will D. Harris, Harvey Marple and others.

A few days ago, a young boy, 12 years old, named William, of the name of the boy, was taken to the hospital, where he died after a few days.

## DR. D. N. KINSMAN DEAD AS RESULT OF HEART TROUBLE

Heart trouble caused the death of Dr. D. N. Kinsman of Columbus, Thursday morning at 10 o'clock, and in his passing the Masons of Ohio lose one of their best known, and most enthusiastic workers. Dr. Kinsman was the oldest practicing physician in the city of Columbus, and was at the home of his daughter for dinner when he suffered the attack of heart failure that caused his death.

Dr. Kinsman had been in ill health for the past several days, but his condition was not considered alarming, until Thursday morning when he had an attack of the trouble that caused his death a short time afterwards.

He was one of the best known Masons in the United States and received every degree, the 33rd degree having been conferred upon him in 1885. He also held the degrees of the Blue Lodge in 1857, the commandery degrees in 1867, and those of the Scottish Rite in 1877.

He had been a prominent citizen of Columbus 27 years and his funeral, which will be held Saturday, will be one of the largest ever held for a private citizen in that city.

**HAD GOOD TIME CELEBRATING ON THE ISLE OF PINES**

T. R. Wilson of this city has received a postal card from his son, James A. Wilson, formerly located in this city, now on the Isle of Pines, inviting him to spend Thanksgiving day with him. The postal card contained

a program of the day's events, starting in the morning with horse races and winding up with a dance in the evening, following a big turkey dinner which was served on the lawn in front of the hotel operated by Mr. Wilson. There were swimming contests, bad games, lawn tennis, and the big dinner. Fifty guests were expected from various points on the island.

Mr. Wilson is well pleased with the island and has been very successful since taking up his residence there. While in Newark, Mr. Wilson operated a grocery store at Fifth and Granville streets.
